

# Arvale: Journey Of Illusion

## Overview

Be a part of Brave Duncan's quests, Fight against Monsters and Enemies. Rescue Fair Maidens and Battle with Evil Villains in this beautiful RPG.

The game contains over 20 hours of gameplay, 6 immense continents, several hyperboles, 280 maps, 200 monsters, hundreds of items (including wheelbarrows!), several typos, and thousands of laughs!

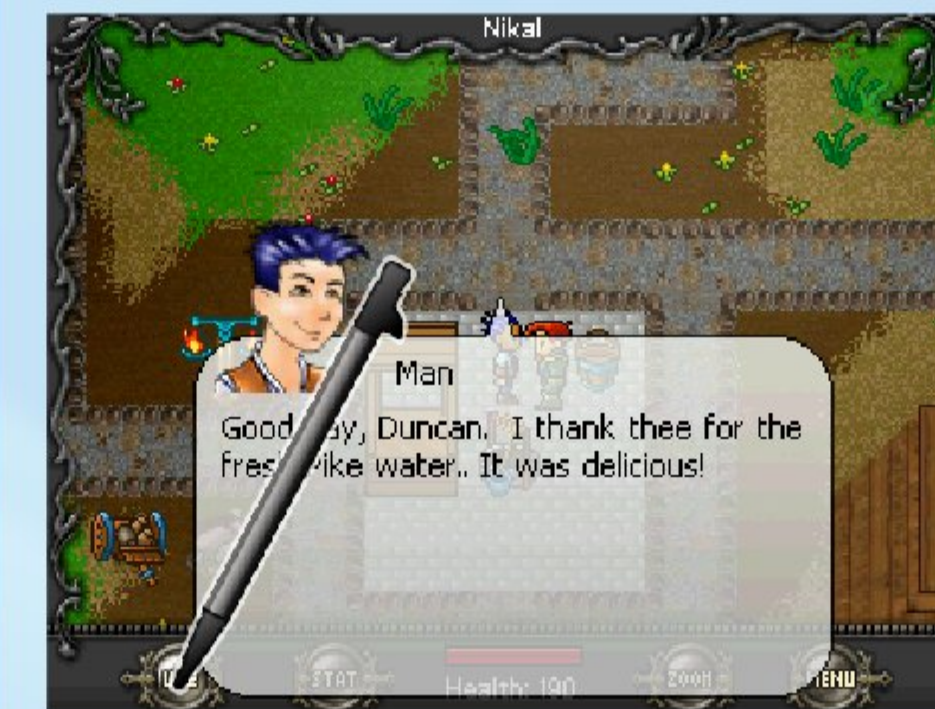

## Gameplay

Explore the vast World of Arvale by traveling to six different continents, packed with villages, castles, forests, deserts, swamps, snowfields, and many more locales

Talk with any of the Hundreds of colorful Non-player Characters you meet to learn about the world.

Interact with tons of objects from treasure-filled chests and mysterious doors, to antique books and creepy coffins.

## How to Play

Tap the use button to interact with other characters, operate doors, wells, open treasure chests, read books and more.

To see the world map, tap on the zoom button. You can step back to the game screen by tapping on the map.

To see your stats, tap on the stat button. This screen informs you are your vital statistics including your shield and armor usage. Tap on the back button to continue

Access the Items screen by tapping on the Items button. To use/drop your weapon just tap on the use/drop button.

In battle mode, you can choose from three commands: Weapon, Magic and Potion. Select the actual weapon by tapping on the arrows. If you decide to run away, tap on the Flee button.
